These teams will compete against other teams from Cincinnati, Columbus & Cleveland in the Quad-City Challenge Sunday November 23rd 2008.

ELIGIBILITY: Anyone may attempt to qualify, but to be an official member of the Dayton All*Star team & receive advertised team benefits (shirts, hotel and singles event compensation), they must be a DDA member. DDA fees are \$15.00 and must be paid in full prior to 11pm on Saturday October 18, 2008. There are no exceptions!

QUALIFYING:

1. The qualifying score used for determining the All*Star team is the sum of 3 legs for a given qualifying attempt. Each of these legs are on a single side of a qualifying sheet. A leg from a different score sheet or from the opposite side of the same score sheet may not be used to calculate the qualifying score.
2. Qualifying fees are as follows: \$3.00 for 1 attempt or \$5.00 for 2 attempts. Fees must be paid before the darter begins any qualifying attempt(s). The number of attempts a darter would like to make must be decided & paid for up front. No one will be allowed to pay \$3 for 1 attempt and then decide later to make a second attempt for \$2. Each attempt consists of 3 legs and are on 1 side of a qualifying score sheet. All fees paid are non-refundable and non-transferable. No credit will be extended.
3. The darter may warm up before starting each leg of a qualifying attempt. The darter must inform the scorekeeper when they are ready to begin each leg prior to throwing the first dart of that leg.
4. Each leg of a qualifier consists of a total of 16 rounds. Once a leg is started, all darts thrown count in succession as the 16 rounds for a given leg. The sum of all 16 rounds counts as the score for a given leg. The 16 rounds for a leg will be thrown in the following order:
 - a. 10 (ten) rounds of score, which may be thrown at any segment on the board and count as face value.
 - b. 6 (six) rounds at specific doubles in order: 20, 16, 10, 8, 2 & 1. Each correct double hit counts as 40 points toward the leg score regardless of the face value of the segment.
5. All bounce-outs or robin-hoods are darts that **can be re-thrown**. They are to be re-thrown after the third dart of a round is thrown.
6. If someone gives up during a qualifying attempt, that leg and therefore, the entire attempt is unfinished and **may not be resumed** later. The score sheet will be marked D.N.F. for the leg and the overall qualifying score will be recorded a D.N.F.
